

Limestone

General: Limestone is the first collection to be produced with an innovative high resolution ink-jet printing system that produces 3 dimensional graphics with a level of detail and precision that was not possible until now. With 4 colours, 3 formats and 3 finishes and over 84 different patterns; this series is the future of high quality porcelain stoneware.

Applications: Commercial & residential in & out doors, including foyers, boutiques, galleries, living areas, balconies, patios, kitchens, bathrooms, walls and step treads (with lamination and various edge detail finishes being achieved).
