

LITHOS

General: The new evolution of stone see the Lithos series as an original aesthetic. This unique stone combines the appearances of the rarest marbles in a variety of surfaces to look, touch and feel authentic. Lithos represents the extraordinary ability to devise new and sensational stone like finishes, and is part of the PROTECT® line of products: antimicrobial floor and wall tiles, designed for healthy, safe and protected living spaces.

Applications: Commercial & residential in & out doors, including foyers, boutiques, galleries, living areas, balconies, patios, kitchens, bathrooms, walls and step treads (with lamination and various edge detail finishes being achieved).
