

# NOLITA

**General:** Brick-style wall coverings are becoming increasingly on trend in both residential and commercial settings, and NOLITA is the ideal product for those who wish to combine design and practically.

NOLITA is available in twelve different colourways, including more variegated shades and others with more solid hues, to meet every style and design requirement. Its dimensions of 48x450mm and elongated shape make it perfect for creating striking visual appeal in any room environment.

**Applications:** Commercial & residential internal & external floors and walls, including facades wall features, splash backs and alike.
