

Shine by Marvel

General: Shine is inspired by the white marbles of Italian artistic tradition, and explores surfaces that are unique in their purity, colour and brightness. Four light tones of Calacatta and Statuario with surfaces traversed by warm and cool veins make up this series white look marbles - with applications on wall, floor and furnishings - with continuous vein and book matched slabs & large format tiles. There are also a large selections of decors and mosaics to match.

Applications: Private & public spaces, as well as commercial and hospitality
